

WOMEN WHO ARE ALWAYS TIRED

May Find Help in This Letter.

Swan Creek, Mich.—"I cannot speak too highly of your medicine. When through neglect or overwork I get run down and my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a great blessing to women, and I cannot speak too highly of it. I take pleasure in recommending it to others."—Mrs. ANNIE CAMERON, R.F.D., No. 1, Swan Creek, Michigan.

Another Sufferer Relieved.
Hebron, Me.—"Before taking your remedies I was all run down, discouraged and had female weakness. I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and find today that I am an entirely new woman, ready and willing to do my housework now, where before taking your medicine it was a dread. I try to impress upon the minds of all ailing women I meet the benefits they can derive from your medicine."—Mrs. CHARLES ROWE, Kennebago, Maine.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SUSPENSION FOR OFFICER GUILTY OF STREET BRAWL

(Continued from Page 1)

loudly for a while and wanted to fight. John Gonzalez, owner of the saloon, and Tony Tarveres tried to quiet him, but failed. Barboza wanted to fight Akeo, but was pushed out of the saloon by Officer Perry. Outside, Perry forced him against the wall of the building and held him.

Barboza's brother came by in a machine and took him to the police station. That was all there was to the fight.

All of the officers deny that a blow was struck in the melee, and none of them has any visible marks or bruises.

"It's all a 'frame up,'" was the statement of Barboza, who does not care to talk much. "It is just a scheme of people who have got it in for me to get me."

"Merely a case of brother officers trying to aid each other," said another policeman. "I don't want to get any one in bad, so I haven't much to say, except that three of us were perfectly sober."

Imagining Family Row.
Policeman Robert Akeo said that he was simply taking a drink with friends, while off duty, and that he did not get drunk and was "as sober as I am now" the night of the mix-up at the Mint. "What I regret most is that this stuff about a woman was brought in. There was nothing mentioned about any specific woman; we were speaking only of a supposititious family row."

Just why Barboza was not "booked" when he appeared at the police station partly dressed and drunk, if the charge that he did this is true, is not explained by any one at headquarters. Sheriff Rose merely said that it was a case "for investigation."

"The incident was reported to me Thursday morning," Rose stated, "and at once I began an investigation with the object of finding out who was wrong and suspending those at fault. As far as I can learn Barboza was the cause of the trouble."

Kept Back of "Dead Line."
Another thing that was not explained is why the case was treated with so much secretiveness and why no report was turned in and no hint of the trouble allowed to get beyond the "dead line" that the police department is establishing for suppressing events.

The incident happened Wednesday night and not a single word or a single line of writing regarding it escaped the police department until after the story leaked out from other sources. The fact that an investigation was being made, or was to be made, was not known until parties not connected with the police department had told of the episode.

JAPAN DEMANDS PEACE GUARANTEE OF PRES. YUAN

(Continued from Page 1)

300,000 Chinese in the Singapore district, and thousands signified their intention to going back to China to aid in the revolutionary movement.

Since Yuan Shih-Kai has been president the Chinese people have not had any material advancement to show, and Yuan has traded the profits of China for the good will of Japan. It is charged. On September 15, Dr. Sun Yat Sen sent Lau Wah to Singapore to raise funds, and the representative was received with open arms by the Chinese citizenship there.

"Chinese have been working together in Singapore and we are hoping that the same is true in Honolulu, as only in that way can the Chinese away from their country assist in working for the best interests of China," says the letter.

"There is a feeling throughout southern China that the step taken by the president will not be successful, as the feeling is growing stronger each day against the restoration of the monarchy in many provinces. As further proof that the army is not with Yuan Shih-Kai, the recent attitude of the military officers in Wu-chang may be cited. The soldiers of the army had always been in sympathy with the revolutionary movement, but to cap the climax, the officers in the Wu Pik district told the soldiers that should the time come to restore the monarchy they would be opposed to the move, and would not fight against the members of the national party."

YOUR BRONCHIAL TUBES

When a cold settles in the bronchial tubes, with that weakening, tickling cough, immediate treatment is very important. The breath seems shorter because of mucous obstructions; usually fever is present, your head jars with every cough and your chest may ache. This is no time for experimenting or delay—you must get Scott's Emulsion at once to drive out the cold which started the trouble, and it will check the cough by aiding the healing process of the enfeebled membranes.

If you have any symptoms of bronchitis, or even a stubborn cold, always remember that Scott's Emulsion has been relieving this trouble for forty years. It is free from alcohol or drugs. Refuse substitutes.

WORKS ON PLANS TO STRAIGHTEN ROAD JUNCTION

Plans for straightening up the street junction in the vicinity of the railway depot are being drawn up by Engineer L. M. Whitehouse, and will be probably submitted to the John Railway & Land Company today.

While road, which is the road leading from King street toward the penitentiary, does not meet King street at right angles, instead the angle is quite acute, and to straighten it out is the wish of the city engineer.

Whitehouse's plan is to change the street so that it will join King street at a point several yards nearer the depot than it now does, but to do this an exchange of land will have to be agreed upon between the city and the railway company. It will mean that the city gives approximately 6325 square feet of land for 5160 square feet belonging to the railway company. The estimated cost of the new street, including all the work necessary to be done upon it will be approximately \$1132.50.

HOSPITAL NURSE WILL TELL JAPANESE WOMEN OF TUBERCULOSIS WAR

Dr. H. Iijima was the speaker of the evening at the Japanese Y. M. C. A. last night when the question of prevention of tuberculosis was discussed. Dr. Iijima stated that the present campaign is the first of a three year program to stamp out the dreaded disease among the Japanese, and asked all Japanese to assist in the movement. Last night the Japanese employees of the city were present with their wives, and moving pictures showing the methods to prevent disease were exhibited.

In the afternoon the children of the city were present at the tuberculosis exhibit, and the nurses present urged the children to make every effort to prevent the disease from spreading. The children were cautioned to be careful in drinking water from cups where there were germs, and also given an idea of the amount of fresh air that is necessary for the child. This evening will be "Women's Night" at the exhibit, and a nurse from the Japanese hospital will be asked to talk on how to prevent the spreading of the disease.

HEADQUARTERS THROGGED WITH CALLERS TODAY

Major-General Carter Bidding Farewell to Hundreds of Friends on Oahu

Major-gen. William H. Carter tomorrow will turn over command of the Hawaiian Department to Brig-gen. John P. Wisner, and after doing so will be ready to leave for the mainland on the Logan, which sails at 11 o'clock in the morning.

Officers and their wives thronged the corridors of the Young hotel, and the reception room on the headquarters floor all day, and Gen. Carter said goodbye to hundreds of men with whom he had been intimately associated in his army life, many of them having been under his command for years, here and at other stations.

The line of troops which was to have escorted Gen. Carter was found to be too long for a parade and so will line each side of the street from the Young hotel to King street, up King street to Richards and down Richards to the docks. Gen. Carter will leave for the Logan at 10:45 in an automobile. He will be preceded by Company E of the 4th Cavalry under command of Capt. Walter C. Short, which will be the escort of honor. The cavalry troop will be led by the trumpeters of the 4th Cavalry. Behind Gen. Carter's car will ride the members of the headquarters staff in automobiles. The Royal Hawaiian band, by orders of Mayor John C. Lane, will be at the dock to play "Aloha" for the departing commander.

Climbing a ladder through smoke and water, Clarence Burton, a farmer of Carney, Md., rescued his wife when she was trapped on the second floor of their home which was destroyed by fire.
